What the green tick means

It means a named source was fetched and it names that business - the house's own site, a bourse or association list, or a building's own tenant directory. An empty ring means the entry is in the register but could not be re-confirmed today. Nothing here is an endorsement, a rating or a price guide, and nobody has stood on the street and knocked.

The audit

what was removed, and what is confirmed

This register was rebuilt because its source file could not be stood behind. The file held 1,410 listings; 953 of them were generated rather than found, and were removed. What follows is what survived, and how far each entry could be confirmed today.

WHAT THE SOURCE FILE LOOKED LIKE

- One telephone number, (212) 575-7788, was attached to 40 different "businesses". Thirteen more numbers were each shared by ten or more.
- Single addresses held dozens of them - 41 at 36 W 47th St, 37 at 15 W 47th St, 28 at 578 Fifth Avenue.
- The names were combinatorial: a first name, an adjective and a trade - "Charlotte Brilliant Horology Inc", "Amelia Premier Custom", "Benjamin Eternal Refinery". Twenty-two began with Charlotte alone.
- The evidence notes were invented too: 31 of the generated listings claimed "BBB accredited", 43 claimed an active NY Department of State record, 25 claimed Rapaport/JCK, and 23 claimed Diamond Dealers Club membership.
- None of the kept entries share a telephone number with another kept entry.
